## Why you'll Loov. poly

**It's less expensive.** If you want the premium look of plantation shutters without the price tag, you'll Loov. our poly range of plantation shutters.

**It's reliable.** Poly is less susceptible to warping out of shape than alternative materials, making our Loov. poly product perfect for those who prefer their shutters flush.

**It's good for the earth.** Loov. poly is made from our unique non-toxic, 100% recyclable Polymer that's gentler on Mother Nature.

**It's perfect for wet areas.** Being man-made, poly shutters are resistant to humidity and moisture, so they're perfect for bathrooms, wet areas and damp climates.
